

## AES Public Meeting Thursday, February 3, 2000

8:30am – 3:00pm

Hilton La Jolla Torrey Pines  
10950 North Torrey Pines Road  
San Diego, California 92037

### **Every exporting company needs to understand the Automated Export System.**

The Automated Export System, AES, is electronic filing of the Shipper's Export Declaration (SED). In only a few months, AES will be mandatory for Commerce Control List and U.S. Munitions List shipments. Whether or not you export licensed goods, AES is important to you. AES has modernized export reporting by virtually guaranteeing compliance, reducing costs, and speeding the process of exporting.

The AES team encourages you to attend the public meeting that will be held on February 3, the day after BXA's Update West, to learn more about AES and its benefits for your company. Our short, information-packed agenda will focus on the changes that affect exporters most.

Presentation topics will include:

- ❑ An overview of the new filing options
- ❑ A demonstration of the Census Bureau's free [www.AESDirect.gov](http://www.AESDirect.gov)
- ❑ A discussion of the legislation requiring AES filing for Commerce Control List and U.S. Munitions List exports
- ❑ The current status of AES, and planned enhancements
- ❑ An update on ITDS
- ❑ And other important topics

The AES meeting is free and open to all. Please register as soon as possible by calling Nan Clark on (301) 457-3787 or e-mail: [nannie.m.clark@ccmail.census.gov](mailto:nannie.m.clark@ccmail.census.gov)

For more information about AES, please visit [www.customs.gov/aes](http://www.customs.gov/aes) or call: (800) 549-0595. For more information about *AESDirect*, please visit [www.aesdirect.gov](http://www.aesdirect.gov) or call (877) 715-4433.

*The Automated Export System  
AES is a joint program of the US Customs Service and the US Census Bureau  
for electronic collection of export shipment information.*
